This pamphlet issued by the Paraguayan Communist Party (PCP), the Propaganda Commission of the Fourth Zone of the Party in Paraguay strongly attacked all sections of the Colorado Party and warned of a union being formed to dislodge the present Chaves government from power. It was stated in the leaflet, which was reportedly hand-passed, that the only purpose of the Colorado Party is to perpetuate itself in power, without regard to the welfare or the independence of the people. It further declared that all sections are supported by Yankee imperialism and the reactionary government of Getulio Vargas of Brazil.

2. The pamphlet warned that, in view of the increasingly difficult position of the present government, representatives of other reactionary sectors have joined together and have become what the pamphlet called "unionists". It said this would include members of the Guion sector of the Colorado Party and followers of Higinio Morinigo and Eulogio Estigarribia.
3. It was stated that the younger members of the Colorado Party, both civil and military, have realized that the present government has done nothing and can do nothing for the people of Paraguay. However, the leaflet warned these elements that to join the efforts of the "unionists" would not solve the situation but would instead aggravate it, inasmuch as the "unionists" are interested only in perpetuating themselves in the government, selling themselves to foreign agents, and making money as quickly as possible.
